No I don't think so. I will contact David and see how soon as I can get him here but we only got the revised version from Lubrizol's counsel yesterday. David's house was flooded last week and his car was totaled in his driveway as well. He and his wife are having to find temporary housing so as urgent as this may be there are other priorities.

Subject: CES - Access Agreement

Wayne

I was told that we are delayed on the transition until the Access Agreement is executed. Is it possible to get this executed today?

Thanks
Gary Moore
